Introducing Patent Pending Teaching Method Spanish for Chiropractors

Why choose Habla Language Services:

- Habla Language Services' method is so unique, a provisional patent had to be filed before we launched it.
- Our program is like no other. You will enjoy our picture-based, mix and match, innovative method.

Background

- Gina Covello is highly qualified. She has a Masters degree in Hispanic Studies, an adult teaching credential, and has been developing highly effective curriculum for over ten years.
- Ms. Covello offers cultural insight. She has lived in Mexico, Costa Rica, and Chile and has worked with the Hispanic population in California for over fifteen years.

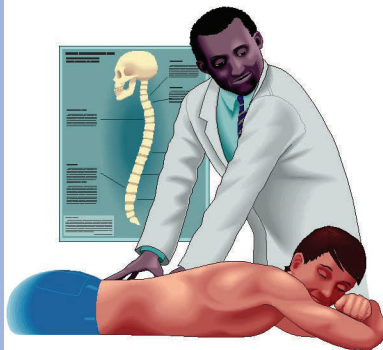

We offer expedited instruction at your site. No lengthy verb conjugations, no complicated grammar explanations – just streamlined instruction to get you communicating with the Hispanic market immediately.

For a more detailed course description, visit www.hablals.com/chiropractors.html

If you don't speak Spanish, you are missing out on nearly 12 million leads in California. We'll show you how to communicate with Spanish speakers now.

Course outline: This course will cover the following:

- Setting up appointments and other general communication skills
- HIPAA in Spanish
- Pain monitoring
- Diagnoses, symptoms, and treatment
- Specific verbs and parts of the body needed for chiropractic care

Introduction: This three-hour workshop provides participants with the tools and knowledge they will need to effectively treat clients when an interpreter is not provided.

We will provide all the tools and materials you need to discuss where the pain is and how to treat it.

Prerequisite: Participants must know the basics in Spanish including: numbers, days of the week, months of the year, pronouns, question words, greetings and niceties. Participants may test out of the prerequisite, or take the class with Habla Language Services. The basic class is a three-hour highly interactive workshop.

Course materials: You will receive all the materials needed. This includes innovative tools developed by Habla Language Services such as a printed translation of HIPAA and a pain monitoring chart.

Spinal charts in Spanish are also available for sale!
