

*Introducing Patent Pending Teaching Method*

# Spanish for Construction Managers and Contractors

## *Why choose Habla Language Services:*

- Habla Language Services' method is so unique, a provisional patent had to be filed before we launched it.
- Our program is like no other. You will enjoy our picture-based, mix and match, innovative method.

## *Background*

- Gina Covello is highly qualified. She has a Masters degree in Hispanic Studies, an adult teaching credential, and has been developing highly effective curriculum for over ten years.
- Ms. Covello offers cultural insight. She has lived in Mexico, Costa Rica, and Chile and has worked with the Hispanic population in California for over fifteen years.

We offer expedited instruction at your site. No lengthy verb conjugations, no complicated grammar explanations – just streamlined instruction to get you communicating with the Hispanic market immediately.

For a more detailed course description, visit [www.hablals.com/construction.html](http://www.hablals.com/construction.html).

**Avoid costly errors on the construction site. We'll show you how to communicate with Spanish subcontractors and laborers now.**

**Course outline:** The general construction course covers the following:

- Specific verbs, tools and materials needed for communicating in the construction industry
- Elements of time
- Locations
- Measurements

**Specializations offered:** We also offer the following specializations. It is recommended that participants take the general course first.

- Framing and Foundations
- Finish Work
- Roofing and Exterior
- Sheet Rocking (Drywall)
- Electrical
- Plumbing

**Prerequisite:** Participants must know the basics in Spanish including: numbers, days of the week, months of the year, pronouns, question words, greetings and niceties, and colors. Participants may test out of the prerequisite, or take the class with Habla Language Services. The basic class is a three-hour highly interactive workshop.

**Introduction:** This three-hour workshop provides participants with the tools and knowledge they will need to direct Spanish speaking workers on the job site.

**Course materials:** You will receive all the materials needed. This includes an innovative booklet and cards developed by Habla Language Services.

**Audience:** Construction managers, contractors, subcontractors and anybody working in the construction industry who needs to speak Spanish in order to communicate effectively with laborers.
